Good Wine, Good Friends and a little Murder! Nicki Connors likes her life in the center of Northern California's wine country. She has a thriving freelance writing career, good friends close by, a handsome boyfriend and now the perfect kitchen to cook in. What more could a girl want? Certainly not to stumble across a spilled bottle of wine, a shattered glass and a dead body! The well-known winemaker was, as the Chief of Police declared, "dead as a doornail", and Nicki is sure it's murder! Along with her good friends, Alex and Jenna, and her one-of-a-kind landlady, Maxie, Nicki's determined to uncover who killed the much-despised winemaker, and what was so special about his personal blend of wine? In the very best tradition of a riveting "whodunit" mystery, with twists and turns to keep you guessing, Nicki and her friends of amateur detectives will make you laugh and wonder "who murdered the winemaker" until the very last clue! A Special Blend of Murder has recurring characters, but can easily be read as a standalone book.

The Griffin Murders by Jon Gegenheimer Author Jon Gegenheimer is a long-time practicing attorney, elected court official, and a writer of serious literary fiction. His first novel, The Second Hill (AuthorHouse 2011), is an exceptional piece of historical/futuristic fiction. It is a unique work that foresaw virtually every malady afflicting today's troubled world: ubiquitous terrorism, rampant moral relativism, absurd political correctness, and the all-out assault against the Judeo-Christian ethic. Although The Griffin Murders is predominantly a straight murder mystery, it is of the same genre as The Second Hill. Beyond a spellbinding surface plot, it features deep character development and strikingly relevant themes. Its pace is lively; its prose is rich and finely crafted; and there are plenty of twists and turns along the way. The Griffin Murders is reminiscent of the Sherlock Holmes adventures. Its protagonists, Louisiana Supreme Court Justice Steve Wyndham and U.S. Attorney Rod West, are Holmes and Watson reincarnated. They follow myriad clues throughout New Orleans' French Quarter in pursuit of an unusually cunning serial killer who leaves at each murder scene the likeness of a gryphon: the mythical creature that is half eagle and half lion. Four years after the initial murder, Justice Wyndham, in Holmes-like fashion, unmasks the murderer during a Mardi Gras party at his stately French Quarter residence. The disclosure most certainly will astonish the reader. Without question, this story will appeal to the devoted whodunit audience. Moreover, it is fine Dickensian writing that informs as much as it entertains. Like The Second Hill, it is a story for the times I written to awaken, delight, educate, and spark conversation. In writing this unique detective adventure, Gegenheimer drew upon his vast experience as a trial lawyer. He believes in the axiom [Write what you know.]

Malibu, California. The sun has just come up and there is no fog along the beach. Suddenly all hell breaks loose. Retired Scotland Yard Chief Inspector Richard Greene's wife, Jenny, discovers the gruesome corpse of a man wedged between rocks at the foot of a cliff. There should have been blood, lots of it, because one of the man's legs is missing, severed just below the hip, the frayed edges of his jeans exposing a fresh stump. All identification, including fingerprints, has been removed, the only clue, a peculiar hand-embroidered design on the right-rear pocket of his jeans. Was it a revenge killing, a hate crime, the work of a satanic cult? Inspector Greene, in L.A. to deliver the keynote speech at the International Forensics Symposium, suspects the bizarre presentation is the work of ALOPEX, master of disguise, scourge of Scotland Yard, purposely designed to draw the Inspector into another deadly game of chess. When Alopex's first taunting postcard arrives, the Inspector's worst suspicions are confirmed. Alopex's victims are always members of the medical profession who have through financial influence or membership in the "old boy's club," circumvented the judicial system, their patient's deaths never avenged. His latest victim, Dr. Louis Bronsib, a lustful egomaniac, covets a Nobel Prize at any price. In bed with organized crime, he ruthlessly tests an untried AIDS vaccine in Africa where he becomes Alopex's quarry. When the young son of a Greek shipping magnate dies after mistakenly receiving a bone-marrow transplant containing hyped AIDS-virus instead of Bronsib's "miracle designer genes," maliciously added by one of Bronsib's discarded lovers, Bronsib becomes the target of a mob-style hit while fishing in Capri. Taban, Alopex's partner in crime, accidentally overhears the plot to kill Bronsib.
