Data Response Questions for Economics is a companion workbook to Economics from a Global Perspective and Multiple Choice Questions for Economics. It is thus structured to the syllabus of the International Baccalaureate Diploma. It is, however, suitable for use in any introductory economics course. The workbook contains a balanced selection of contemporary articles from around the world. Each article is followed by questions. Full answer schemes are provided. The workbook aims to help students acquire and practice a number of speci fi c skills: To learn to read and interpret articles as an economist. To practice reading and interpreting graphical and statistical information. To widen knowledge through reading carefully chosen articles relevant to the course. To practice applying economic theory. To reinforce the skills and knowledge acquired in the economics course. To meet key economic concepts several times over. To relate classroom learning to the real world. To encourage hands on study. To gain a world perspective through reading articles drawn from all over the globe. To practice data response type examination questions.

Multiple Choice Questions for Economics: is based upon the syllabus requirements of the International Baccalaureate Diploma for economics (for first examinations in May 2013) - at both Standard and Higher Level. is structured in the study order of our textbook Economics from a global perspective (third edition), which exactly follows the current IB Diploma syllabus. is sequenced by section, chapter and topic, as in our textbook. has Higher Level only questions clearly marked. has over 450 questions, with many new questions covering the mathematical content of the current syllabus. has answers that can be removed if using the book for course tests. is ideal for use with Economics from a global perspective. is at a suitable level for use with GCE A Level courses, professional courses, and university introductory courses.
