A millipede hurts herself. She needs help. Now, which is the leg that needs help?-Back cover.

Vaimiki's Ramayana is the story of Rama's exile and return to Ayodhya, of a triumphant king who will always do right by his subjects. In Volga's retelling, it is Sita who, after being abandoned by Punshottam Rama, embarks on an arduous journey towards self-realization. Along the way, she meets extraordinary women who have broken free from all that held them back: husbands, sons, and their notions of desire, beauty and chastity. The minor women characters of the epic as we know it - Surpanakha, Renuka, Urmila and Ahalya - steer Sita towards an unexpected resolution. Meanwhile, Rama too must reconsider and weigh his roles as the king of Ayodhya and as a man deeply in love with his wife. A powerful subversion of India's most popular tale of morality, choice and sacrifice, The Liberation of Sita opens up new spaces within the old discourse, enabling women to review their lives and experiences afresh. This is Volga at her feminist best.

In Idries Shah's 'Wisdom of the Idiots', the 'idiots' are Sufis, called this because their wisdom penetrates to a depth which renders it inaccessible to the merely intelligent or academically-knowledgeable. The exercise-stories of the Sufis are tools prepared for a specific purpose. On this level the movements of the characters in a story portray psychological processes, and the story becomes a working blueprint of those processes.

This volume contains 69 papers presented at ICICT 2015: International Congress on Information and Communication Technology. The conference was held during 9th and 10th October, 2015, Udaipur, India and organized by CSI Udaipur Chapter, Division IV, SIG-WNS, SIG-e-Agriculture in association with ACM Udaipur Professional Chapter, The Institution of Engineers (India), Udaipur Local Centre and Mining Engineers Association of India, Rajasthan Udaipur Chapter. This volume contains papers mainly focused on ICT for Managerial Applications, E-governance , IOT and e-Mining.

This two-volume set LNCS 6691 and 6692 constitutes the refereed proceedings of the 11th International Work-Conference on Artificial Neural Networks, IWANN 2011, held in Torremolinos-Málaga, Spain, in June 2011. The 154 revised papers were carefully reviewed and selected from 202 submissions for presentation in two volumes. The first volume includes 69 papers organized in topical sections on mathematical and theoretical methods in computational intelligence; learning and adaptation; bio-inspired systems and neuro-engineering; hybrid intelligent systems; applications of computational intelligence; new applications of brain-computer interfaces; optimization algorithms in graphic processing units; computing languages with bio-inspired devices and multi-agent systems; computational intelligence in multimedia processing; and biologically plausible spiking neural processing.

Internet of Things emphasizes on the efficient use of internet and wireless network for connecting devices in day to day life. It gives a step-by-step explanation of the connecting interface of hardware with software. This classic text is a vital study guide for the students to master their IoT skills. Salient Features: - Core concepts of hardware and software for Internet of Things - Coverage of latest concepts like RaspberryPi, Arduino - Coverage of Security and threats in IoT scenarios. - Step by step pro typing and designing of IoT Applications

This book presents a selection of revised and extended versions of the best papers from the First International Conference on Social Networking and Computational Intelligence (SCI-2018), held in Bhopal, India, from October 5 to 6, 2018. It discusses recent advances in scientific developments and applications in these areas.

This book presents the state-of-the-art in plant ecophysiology. With a particular focus on adaptation to a changing environment, it discusses ecophysiology and adaptive mechanisms of plants under climate change. Over the centuries, the incidence of various abiotic stresses such as salinity, drought, extreme temperatures, atmospheric pollution, metal toxicity due to climate change have regularly affected plants and, and some estimates suggest that environmental stresses may reduce the crop yield by up to 70%. This in turn adversely affects the food security. As sessile organisms, plants are frequently exposed to various environmental adversities. As such, both plant physiology and plant ecophysiology begin with the study of responses to the environment. Provides essential insights, this book can be used for courses such as Plant Physiology, Environmental Science, Crop Production and Agricultural Botany. Volume 2 provides up-to-date information on the impact of climate change on plants, the general consequences and plant responses to various environmental stresses.

Hinduism, the world's oldest living religion, embodies a wide spectrum of philosophies, beliefs, and customs. It has prompted thinkers from an array of cultures and ages-from Apollonius Tyaneus, a first century Greek thinker, to Voltaire, Mark Twain, and Albert Einstein-to extol its influence.Now, Dr. Hiro G. Badlani brings you Hinduism: Path of the Ancient Wisdom, an easy-to-understand guidebook that delves into Hinduism's spiritual and historical perspectives. For more than ten years, Dr. Badlani has passionately channeled his resources and inner reflections into learning about this ancient religion. His meticulous research, combined with guidance from spiritual masters, sages, and swamis has brought forth in this volume.This mini-encyclopedia covers all aspects of Hinduism in a series of small chapters. Spiritual teachings form the book's core, for without the spiritual teachings, what function can any religion play? Still, however, information is presented in a non-dogmatic manner, stressing the basic unity and homogeneity of all religions.With its powerful narrative and roots in spiritual storytelling, this book is perfect for anyone who desires authentic information on Hinduism. Engaging with this book will not only educate you, but imbue you with personal peace and happiness, becoming an experience both elegant and empowering.
