Immigration and Settlement: Challenges, Experiences, and Opportunities draws on a selection of papers that were presented at the international Migration and the Global City conference at Ryerson University, Toronto, in October of 2010. Through the use of international and Canadian perspectives, this book examines the contemporary challenges, experiences, and opportunities of immigration and settlement in global, Canadian, and Torontonion contexts. In seventeen comprehensive chapters, this text approaches immigration and settlement from various thematic angles, including: rights, state, and citizenship; immigrants as labour; communities and

identities; housing and residential contexts; and emerging opportunities. Immigration and Settlement will be of interest to academics, researchers and students, policy-makers, NGOs and settlement practitioners, and activists and community organizers.

A finalist for the National Book Critics Circle Award and the PEN Open Book Award, and winner of the 2020 Giller Prize, this revelatory story collection honors characters struggling to find their bearings far from home, even as they do the necessary "grunt work of the world." A failed boxer painting nails at the local salon. A woman plucking feathers at a chicken processing plant. A housewife learning English from daytime soap operas. A mother teaching her daughter the art of worm harvesting. In her stunning debut story collection, O. Henry Award winner Souvankham Thammavongsa focuses on characters struggling to make a living, illuminating their hopes, disappointments, love affairs, acts of defiance, and above all their pursuit of a place to belong. In spare, intimate prose charged with emotional power and a

sly wit, she paints an indelible portrait of watchful children, wounded men, and restless women caught between cultures, languages, and values. As one of Thammavongsa's characters says, "All we wanted was to live." And in these stories, they do—brightly, ferociously, unforgettably. Unsentimental yet tender, taut and visceral, *How to Pronounce Knife* announces Souvankham Thammavongsa as one of the most striking voices of her generation. “ As the daughter of refugees, I ’ m able to finally see myself in stories. ” —Angela So, *Electric Literature*

The aim of the book is to give non-accounting students a basic ability and confidence to read and use financial accounting reports and statements within their business or financial specialties. Many employees in business today are expected to be conversant with

reported accounting information as part of their regular job responsibilities. However, they often have little formal training in using such information. For example, in most Western countries, corporate directors and senior executives are legally responsible for the content and quality of publicly reported accounting statements, yet typically have no accounting background or experience to help in the discharge of these responsibilities. The theme of the book is financial reporting as an essential and significant part of corporate governance. There is continuous pressure on companies from government and stakeholder groups to improve their governance and accountability structures and procedures. This book reveals how financial statements and related disclosures assist in good governance and accountability by providing relevant and reliable accounting signals of managerial performance.

Reminiscent of Pablo Neruda's Elemental Odes, *Small Arguments* is a stunningly original debut by a gifted young poet. The language of *Small Arguments* is simple yet there is nothing simple in its ideas. The work touches on the structures of argument, orchestrating material around repetition, variation and contrast. Thammavongsa's approach is like that of a scientist/philosopher, delicately probing material for meaning and understanding. The poet collects small lives, and argues for a larger belonging: a grain of dirt, a crushed cockroach, the eyes of a dead dragonfly. It is a work that suggests we can create with what we know and with that alone. -- "This is the voice of a pilgrim, the one who bends to see, leans to hear... Thammavongsa has distilled her meaning from her details so masterfully and with such confident wisdom that she seems to be reading nature. Through her eyes, we can believe we see the true meaning in things." - Anne Michaels"A
