This Cambridge history is the definitive guide to the comparative history of the Romance languages. Volume I is organized around the two key recurrent themes of persistence (structural inheritance and continuity from Latin) and innovation (structural change and loss in Romance).

Exploring Discourse Practices in Romanian is a glimpse into Romanians' style of interaction, which has developed eclectically at the crossroads of Eastern and Western cultures. It is oriented towards modern literacy while being deeply rooted in a long oral tradition, and paradoxically displays both attachment to local specifics and commitment to mimetic speech and act(ion)s imported from various cultural spaces. The book presents a characterisation of the Romanian cultural space in terms of various discourse practices, drawing on recent challenging theoretical proposals, and concluding with in-depth corpus-based analyses. The chapters focus on five main topics (the co-construction of discursive identities, discursive polyphony, textualisation of attitudes and emotions, conceptual metaphors, and grammaticalisation of context) explored in various discourse genres (political discourse, media discourse, professional discourse, face-to-face conversation, literature of memoirs, and the usage of Romanian by non-natives). The theoretical framework utilised here is discourse analysis, defined in a broad sense (with regards to discourse patterns, pragmatic phenomena, conversation analysis, and rhetoric). The volume, having both a theoretical and an applied dimension, will appeal to an international readership, including researchers interested in current developments of pragmatics and discourse analysis.

This book is the first comprehensive grammar in English of present-day standard Romanian. It is an indispensable resource for Romance linguists, from advanced undergraduate level and above.

Cold Gather begins as notorious, self-destructive glassblower Neil Bishop is diagnosed with a malignant, inoperable tumor. Told he has less than six months to live, he turns to his old friend, Jack Scanlon, to organize a Pre-Wake Party in their hometown to say good-bye to his friends. At the party, Jack gets his first real look at Neil's live-in lover of four years, Marla Stone. Neil has often vividly described Marla's fiendish temper and consuming libido. Jack is instantly pole-axed by her poise, her smoky beauty and her sensuality, generating this inebriated exchange at the end of the day,"I turned to my dear friend, this man with whom I had howled at the moon and raised so much hell across the years and said, 'Of course you realize that, as soon as you're cold, I'm coming after Marla.'He squeezed my shoulder, smiled broadly and said, 'You should do that. She'd be good for you.'He had never been more wrong, but sometimes we hear only what we want. I could not ignore an imprnimator like this.'Neil is dead within three months of the party.It had been rumored over many years, (although no one had seen them), that Neil had finally completed his masterwork; seven large works of molded glass he called "The Deadly Sins." In 1994, he had given the first piece, "Lust", to Jack for safekeeping. The existence and whereabouts of the other six pieces were unknown until Jack's first trip to visit Marla in California. As an intensely passionate relationship unfolds between Marla and Jack, she finally takes him to see five mind-blowing pieces; Envy, Gluttony, Anger, Pride and Sloth-- bequeathed to her by Neil.Beautifully written, Tom Buechler's muscular first novel revolves around the tempestuous, often explosive, relationship between Jack and Marla as they fall in and out of love during their search for the missing Seventh Sin--Greed.In Cold Gather, Buechler showcases his trademark earthy dialogue and his unique gift for creating offbeat characters. He has crafted a robust story that is smart, bold and darkly funny with a satisfyingly twisted finale.
