So Apple, next time just include the User Guide, pre-installed on all iPad devices. I'd even recommend that you open the User Guide as a user does their first login, there should be no hunting. Or, better yet, a series of Videos to demonstrate how to use this fine touch device, because words never caption the simplicity that a video does.

iPhone and iPad user guides I have not yet read these although I would really like to. The reason I did not give it more than two stars was because I couldn't find a price anywhere and I did see an ad for it that said it was free but it doesn't know if they're on the actual item so it said the item had been paid because it automatically went to my Apple Pay.
