The best, funniest Halloween memes of 2020. Our favorite Halloween memes truly capture every Halloween lover's spirit.

Adam Ellis knew it was time to leave art school when a fellow student presented her final project to the class: "I put a condom on the Virgin Mary," she announced, unveiling a cheap figurine sheathed in latex. The professor loved it. Baffled by the praise his classmate receives, and intent on becoming an artist on his own terms, Adam plots his escape to Portland, Oregon to begin his life in the real world--only to realize that adulthood is a lot harder than it looks. Based on the blog of the same name, Book of Adam details Adam's hilarious trials and tribulations in his attempt to become a functioning member of society. From his arrest after shoplifting a bottle of chocolate milk to a misguided attempt to make friends that lands him in a shack with a hippie couple who have just skinned a rabbit and are trying to entice him into a three-some, Adam is an amicable guy who can't seem to keep himself out of trouble. Paired with his signature black and white illustrations, Adam's stories weave together an uproariously funny and ultimately charming narrative about a young man trying to find his place in the world.

This zany strip enters the comic-collection scene with circus-like zeal. All that's missing is a parade of elephants and a clown-car escort. Gary and Glenn McCoy's delightfully absurd comic panel blends superheroes, office humor, huggable animals, and twisted relationships in a bizarre marriage of Gary Larson, the New Yorker, Conan O'Brien, and Mad Magazine. Put succinctly, the brothers McCoy present "comics for a bold new world." Creating a world where greeting cards heal hospital patients, police officers pull over children driving bumper cars, babies use the patch to quell the pacifier habit, and nudists find out what constitutes a streaker in their colony, the St. Louis area natives alternate writing and drawing duties for the daily panel. The brothers each have been nominated for multiple National Cartoonists Society awards, and Glenn has won in three categories. Gary McCoy's past as a comedian (he won HBO's Stand-Up Stand-Off contest for the St. Louis area in 1995) also shines through in the strip's offbeat humor. Their impressive freelance client list reads like a who's who in cartooning: Disney, DreamWorks, and Hyperion, to name just a few.

This gothic, gory novel—the third book in the Printz Honor-winning Monstrumologist series—is “articulately literary, horrifically grotesque, and mind-bendingly complex” (Kirkus Reviews). When Dr. Warthrop goes hunting for the “Holy Grail of Monstrumology” with his eager new assistant, Arkwright, he leaves Will Henry in Victorian New York. Finally, Will can enjoy something that always seemed out of reach: a normal life with a real family. But part of Will can't let go of Dr. Warthrop, and when Arkwright returns, claiming that the doctor is dead, Will is devastated—and not convinced. Determined to discover the truth, Will travels to London, knowing that if he succeeds, he will be plunging into depths of horror worse than anything he has experienced so far. His journey takes him to Socotra, the Isle of Blood, where human beings are used to make nests and blood rains from the sky—and puts Will Henry's loyalty to the ultimate test.

This silver anniversary edition of Dave Coverly's Reuben award-winning Speed Bump collects 300 of his best cartoons into one full-color book. 25 years of ideas. 25 years of drawings. 25 years of coffee. Man, that's a lot of coffee. Coverly's work has appeared in over 400 newspapers, including the Washington Post, the Los Angeles Times, and the Detroit Free Press, as well as in Parade magazine, textbooks, greeting cards, and even on that internet thingy. Dry and gentle not only describes Dave's hands, but his sense of humor as well. And while there are no guarantees in life, this new collection of Speed Bump cartoons hopes to make you think, smile, snort awkwardly, rethink, pause for a bathroom break, maybe get a second cup of coffee, and return to read a few more before realizing you really should be doing something a little more productive.

Five Night at Freddy's fondly called FNAF is one game that makes you want to jump out of your room. It is scary and has its own share of horror, but there is humor to this horror. The humor is what I have put together in this memes book. It's the hilarious Five Night at Freddy's Memes. Get this and enjoy!

A graphic portrayal of the background of the Ku Klux Klan, its battle with the law, and the current reasons why hate groups cannot be ignored. Presents the history of the Klan, identifies the victims of its violence, and the responses of those in opposition to Klan activity. Discusses the white supremacist movement, identifying its organizations and leaders of today. Includes an introduction by Julian Bond and conclusion by Morris Dees. Bibliography. Graphic photos.

Being insatiably curious is a good way to end up dead. Rain Christiansen, cold case detective and reluctant medium, is very aware of that fact. But when infamous serial killer Thomas Kane wants to meet, there's no way Rain can say no. He also can't refuse Kane's offer—find his missing wife, Delilah, and he'll reveal the location of his victim's bodies. Rain has never turned down a good quid pro quo, and he doesn't intend to start. The hunt for Kane's wife leads to yet another cold case, three copycat murders, and an investigation where nothing is as it seems. Soon, Rain is dealing with a ghost unlike any he's ever dealt with before...a ghost capable of doing things he shouldn't be able to do. How can Rain control something he doesn't even understand? And what will he do when the unknown threatens the safety of the most important person in his life? Rain is starting to realize that he can only battle the supernatural with the supernatural, and that is spooky business indeed.

"Welcome to Black Spring, the seemingly picturesque Hudson Valley town haunted by the Black Rock Witch, a seventeenth-century woman whose eyes and mouth are sewn shut. Muzzled, she walks the streets and enters homes at will. She stands next to children's beds for nights on end. Everybody knows that her eyes may never be opened or the consequences will be too terrible to bear. The elders of Black Spring have virtually quarantined the town by using high-tech surveillance to prevent their curse from spreading. Frustrated by being kept in lockdown, the town's teenagers, decide to break their strict regulations and go viral with the haunting. But, in so doing, they send the town spiraling into dark, medieval practices of the distant past."--Front dust jacket flap.

In the tradition of Paranormal Activity and The Blair Witch Project, an American teen recounts the strange events that occur after she moves into a new—and very haunted—home with her family in this chilling diary that features photos and images of what she experienced. Letters, photographs, and a journal...all left behind in the harrowing aftermath. Following her parents' high-profile divorce, Paige

and her brother are forced to move to Idaho with their mother, and Paige doesn't have very high hopes for her new life. The small town they've moved to is nothing compared to the life she left behind in LA. And the situation is made even worse by the drafty old mansion they've rented that's filled with spiders and plenty of other pests that Paige can't even bear to imagine. Pretty soon, strange things start to happen around the house—one can of ravioli becomes a dozen, unreadable words start appearing on the walls, and Paige's little brother begins roaming the house late at night. And there's something not right about the downstairs neighbor who seems to know a lot more than he's letting on. Things only get creepier when she learns about the cult that conducted experimental rituals in the house almost one hundred years earlier. The more Paige investigates, the clearer it all becomes: there's something in the house, and whatever it is...and it won't be backing down without a fight.

A thrilling new series soars above the competition and redefines middle-grade fantasy fiction for a new generation! The seven dragon tribes have been at war for generations, locked in an endless battle over an ancient, lost treasure. A secret movement called the Talons of Peace is determined to bring an end to the fighting, with the help of a prophecy -- a foretelling that calls for great sacrifice. Five dragonets are collected to fulfill the prophecy, raised in a hidden cave and enlisted, against their will, to end the terrible war. But not every dragonet wants a destiny. And when the select five escape their underground captors to look for their original homes, what has been unleashed on the dragon world may be far more than the revolutionary planners intended . . .
