¦I have long thought that what the Buddha taught can be seen as a highly developed science of mind which, if made more accessible to a lay audience, could benefit many people. I believe that Dr. Weiss's book, in combining such insights with science and good business practice, offers an effective mindfulness based program that many will find helpful.¦ --His Holiness, the Dalai Lama A practical guide to bringing our whole selves to our professional work, based on the author's overwhelmingly popular course at the Stanford Graduate School of Business. In today's workplace, the traditional boundaries between "work" and "personal" are neither realistic nor relevant. From millennials seeking employment in the sharing economy to Gen Xers telecommuting to Baby Boomers creating a meaningful second act, the line that separates who we are from the work we do is blurrier than ever. The truth is, we don't show up for our jobs as a portion of ourselves;by necessity, we bring both our hearts and our minds to everything we do. In How We Work, mindfulness expert and creator of the perennially-waitlisted Stanford Business School course "Leading with Mindfulness and Compassion" Dr. Leah Weiss explains why this false dichotomy can be destructive to both our mental health and our professional success. The bad news, says Weiss, is that nothing provides more opportunities for negative emotions:anxiety, anger, envy, fear, and paranoia, to name a few¦with the dynamics of the workplace. But the good news is that these feelings matter. How we feel at and about work matters¦to ourselves, to the quality of our work, and ultimately to the success of the organizations for which we work. The path to productivity and success, says Weiss, is not to change jobs, to compartmentalize our feelings, or to create a false "professional" identity;but rather to listen to the wisdom our feelings offer. Using mindfulness techniques, we can learn how to attend to difficult feelings without becoming subsumed by them; we can develop an awareness of our bigger picture goals that orients us and allows us to see purpose in even the most menial tasks. In How We Work, Weiss offers a set of practical, evidence-based strategies for practicing mindfulness in the real world, showing readers not just how to survive another day, but how to use ancient wisdom traditions to sharpen their abilities, enhance their leadership and interpersonal skills, and improve their satisfaction.

One of Christianity's most beloved pastors walks readers through the book of Psalms, helping them live its comforts and promises in the face of life's relentless daily grind.

Poems! About your office! We work hard at our jobs, and in return we are frequently plagued by bad coffee, strange smells, paper cuts, other people, and, at least once a week, Mondays. So what better way to tackle the absurdities of the modern workplace--to get a little peace!--than with Zen poetry? In the first poetry collection to do just that, Office Haiku contains witty haiku divided into chapters including "Monday Mornings Suck," "Paper Cuts, Office Equipment, and Other Maladies," "Existential Malaise," "Departmental Meetings," and, of course, "Anywhere But Here." Informed by a lifetime of work, James Rogauskas's haiku speak for themselves (and everyone else): Sitting at my desk As proudly as any serf On his scrap of dirt. "This has to go out"? And I was waiting for desk Fairies to type it. I sit wondering; Can someone die of boredom? Only time will tell. If I could read minds, I would certainly have a Better job than this. "I thought I knew all the reasons to hate cubicle life, but James Rogauskas have given me a pork barrel full of laughs to ease my deary Monday mornings. This book should be required reading for all corporate managers!"--Mary K Witte, author of Redneck Haiku: Double-Wide Edition
