n June 1944, Freda Wineman and her family arrived at Auschwitz-Birkenau, the infamous Nazi concentration and death camp. After a cursory look from an SS doctor, Freda's life was spared and her mother was sent to the gas chambers. Freda only survived because the Allies won the war -- the Nazis ultimately wanted every Jew to die. Her mother was one of millions who lost their lives because of a racist regime that believed that some human beings simply did not deserve to live -- not because of what they had done, but because of who they were. Laurence Rees has spent twenty-five years meeting the survivors and perpetrators of the Third Reich and the Holocaust. In this sweeping history, he combines this testimony with the latest academic research to investigate how history's greatest crime was possible. Rees argues that while hatred of the Jews was at the epicenter of Nazi thinking, we cannot fully understand the Holocaust without considering Nazi plans to kill millions of non-Jews as well. He also reveals that there was no single overarching blueprint for the Holocaust. Instead, a series of escalations compounded into the horror. Though Hitler was most responsible for what happened, the blame is widespread, Rees reminds us, and the effects are enduring. The Holocaust: A New History is an accessible yet authoritative account of this terrible crime. A chronological, intensely readable narrative, this is a compelling exposition of humanity's darkest moment.

The genocide of Jewish and non-Jewish civilians perpetrated by the German regime during World War Two continues to confront scholars with elusive questions even after nearly seventy years and hundreds of studies. This multi-contributory work is a landmark publication that sees experts renowned in their field addressing these questions in light of current research. A comprehensive introduction to the history of the Holocaust, this volume has 42 chapters which add important depth to the academic study of the Holocaust, both geographically and topically. The chapters address such diverse issues as: continuities in German and European history with respect to genocide prior to 1939 the eugenic roots of Nazi anti-Semitism the response of Europe's Jewish Communities to persecution and destruction the Final Solution as the German occupation instituted it across Europe rescue and rescuer motivations the problem of prosecuting war crimes gender and Holocaust experience the persecution of non-Jewish victims the Holocaust in postwar cultural venues. This important collection will be essential reading for all those interested in the history of the Holocaust.

Presents a history of the Holocaust that offers insights into Hitler's genocidal views and the partisan groups who supported Jewish targets, arguing that wrong conclusions about the Holocaust are compromising the world's future.

Documents the historical, political, social, cultural, and military context of the Holocaust, discussing the persecution of the Jews, Gypsies, Soviet prisoners of war, and Polish citizens.

Perhaps the most shocking instance of man’s inhumanity to man, the Holocaust is one of the central events of our times. – How was the Holocaust unique? – Did the Nazis have a murderous master plan from the very start? – What were the attitudes of the general public in Germany and Occupied Europe? – Could neutral powers, Allied governments or the Catholic Church have done more to save Jewish lives? – And could the Jews themselves have done more to resist the Nazi’s final solution? Historians have provided many crucial, although often controversial, new insights into these intensely painful and complex questions. In this invaluable book, Michael R. Marrus presents a judicious and lucid survey of their views, together with his own conclusions.

This book attempts to explain the forces that gave rise to the Holocaust, the motives of those who conceived it, and the culture it destroyed
