What separates happy marriages from miserable ones? Surprisingly, it's not healthy communication. It's not conflict resolution skills. It's actually the size of the marriage's joy gap . Joy Gap/joi gap/ (n.)-1. The length of time between moments of shared joy When the joy gap gets bigger, problems are more likely to overwhelm you, resentment creeps in, and you start to feel distant and alone in your marriage. When the joy gap is smaller, you regularly feel connected and happy, problems feel manageable, and your marriage becomes a reliable source of joy. But how do you ensure that you're experiencing joy regularly? Marcus Warner and Chris Coursey have studied relationships (and neuroscience) and discovered four habits that keep joy regular and problems small. Some couples do them naturally, but anyone can learn. That's why each chapter includes 15-minute exercises that boost joy and re-train your brain to make joy your default setting. You'll learn new skills including how to: return to joy more quickly after disconnection create stronger bonds and elongate times of happiness boost your enjoyment of physical and emotional intimacy Find out what your marriage looks like after a little work and a whole lot of joy.

Surveys show that only 10% of all marriages are truly happy. The simple truth is the absence of grace leaves a gaping hole in the husband-wife relationship. An instant classic, *Grace Filled Marriage* shows grace to be the missing piece-and the only place to start building a happy marriage.
