The term Other White is a classification of ethnicity in the United Kingdom and has been used in documents such as the 2011 UK Census to describe people who self-identify as white persons who are not of the English, Welsh, Scottish, Romani or Irish ethnic groupings. The category does not comprise a single ethnic group but is instead a method of identification for white people who are not represented by other white census categories. This means that the Other White group contains a diverse collec

Arthur Machen (1863 – 1947) was a Welsh author and renowned mystic during the 1890s and early 20th century who garnered literary acclaim for his contributions to the supernatural, horror, and fantasy fiction genres. His seminal novella “The Great God Pan” (1890) has

become a classic of horror fiction, with Stephen King describing it as one of the best horror stories written in the English language. Other notable fans of his gruesome tales include William Butler Yeats and Arthur Conan Doyle; and his work has been compared to that of Robert Louis Stevenson, Bram Stoker, and Oscar Wilde. “The White People” is a decidedly Lovecraftian supernatural short story presented in the form of a young girl's diary, within which she recounts her increasingly profound experiments with witchcraft. A fantastic example of classic supernatural fiction, Machan's “The White People” is not to be missed by lovers of the genre and collectors of classic macabre literature. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a

specially-commissioned new biography of the author.

The White People (1904) is a short story by Arthur Machen. Originally published in Horlick's Magazine, the story was later printed in The House of Souls (1906), a short story collection. Condemned as decadent and obscene upon publication, Machen's writing earned praise from Oscar Wilde and H. P. Lovecraft.

Throughout the years, Machen's work has been referenced and adapted by such figures as Stephen King, Guillermo del Toro, and Josh Malerman for its masterfully unsettling blend of science, myth, and magic. As the sun sets over the lush countryside, Cotgrave and his friend Ambrose discuss the thin boundary that separates sorcery and the sacred. saint, Ambrose offers his comrade a book to borrow. Surprisingly well-kept for its age, the green book accompanies Cotgrave on his journey home, where he opens it to discover a strange, mysterious tale. Its pages contain the diary of a young girl who, encouraged by her nurse, immerses herself in the world of magic. As she grows adept in the ways of witchcraft, the girl begins referring to strange beings and unknown places, all while doing her best to conceal her secret life from friends and family. When he reaches the diary's end, Cotgrave will wish he had never looked past its binding. With a beautifully designed cover and professionally typeset manuscript, this edition of Arthur Machen's *The White People* is a classic of British horror fiction reimagined for modern readers.

exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’” (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can
